MADARASA AT BIDAR

(Motif on the Cover)

The timeworn but magnificent structure of the Madarasa of Mahmud Gawan at Bidar is depicted on the cover page. Mahmud Gawan (1461 to 1481 A.D.) Prime Minister of the Bahmani Kingdom established this college in 1472 A.D. on the same magnificent lines as its prototypes in Khurasan and other Islamic countries. The walls of the Madarasa measure externally 242′ from east to west and 220′ from north to south.

This building suffered great damage from lightning in 1696 A.D. and lost half of its front and half of its southern wing. Subsequently, it deteriorated through neglect and weathering. The minaret at the end of the facade and the wall adjoining it towards the south are comparatively the best preserved portions of the Madarasa. The minaret has an octogonal base 67′ 4″ in girth at the ground level, over which five bands of carved masonary have been built, gradually decreasing in dimensions in order to fit in with the circumference of the tower, which is 45′ above the uppermost band of the basement. This tower which is 13 feet high has three storeys, the first and second having balconies, which project from the main body, but have no brackets to support them indicating the Persian architecture of the building. The tower has a dome 8 feet in height with a pinnacle 3 feet high.

The wall adjoining the tower towards the south forms the facade of a mosque built in the north-eastern part of the building and extends to a length of 59 feet from the tower. The facade is divided into several compartments, the windows of which are adorned with trellis work. When sunlight blazes on the exterior of this building, the trellis screens fixed in the deep recesses of the arches have a shimmering effect. The facade includes a band of tile work arranged in an artistic manner. Below this there is a broad compartment containing five arches, the spandrels and side walls of which are decorated with encaustic tiles. The second or the middle compartment also contains arches adorned with exquisite tiles. The third compartment which adjoins the plinth of the building comprises of five rectangular panels.

The interior of the mosque comprises of a single hall, 50′ × 25′. The ceiling is vaulted and is divided into 3 compartments by two stately arches which rise to a height of 34 feet from floor level. At the northern wing adjoining the mosque is a square hall 27′ at each side of the base with a dome-shaped ceiling. This hall was apparently meant for the residence of the principal-teacher of the Madarasa. Corresponding to this hall there is said to have been another in the southern wing of the building, which has now disappeared. The northern and southern wings of the Madarasa have a large hall, with pairs of rooms built on either side. These rooms rise to three storeys and in all there are 36 suites of rooms capable of accommodating 108 students.

PREFACE

It has been the tradition of the Census of India to present demographic data in as detailed a manner as possible so as to serve effectively the interests of the users of census data. It has also been a tradition to publish special volumes which incorporate both demographic and non-census data which are considered to be of great utility. In accordance with this practice, taluka and village tables used to be published which were, in the 1951 Census, replaced by the District Census Handbook series. These Handbooks replaced Part IV—Taluk Tables and Part V—Village Tables of the earlier censuses and presented a large number of tables of economic, demographic and social significance for taluks and urban areas. The 1961 District Census Handbooks were improved by extending the coverage and administrative statistics were also presented for each district for the preceding decade. The 1971 Census continues, as part of its Tabulation Plan, the District Census Handbook series.

The District Census Handbook is presented in three parts for each District. Part A incorporates the Town and Village Directories. Part B incorporates the Primary Census Abstracts and includes data, in the case of the rural areas, down to the village level and in the case of urban areas for the blocks. Part C incorporates other Census Tables and administrative statistics. Maps, wherever necessary, have been included. For convenience, Parts A and B of the District Census Handbook are presented in one volume while Part C by itself is a separate volume.

Explanatory notes have been incorporated explaining the scope and content of the various statements, column headings, etc. In addition, in Part B, an introduction is included wherein the changes in the jurisdiction, if any, of the district or of the taluks and the changes in the number of villages between 1961 and 1971 are explained. It would be useful to read these notes before one goes to the tables.

In this volume, the district and taluk maps have been incorporated. These maps have been prepared in this office on the basis of maps obtained from the competent authorities concerned. In the district map, to avoid crowding, the names of villages where community facilities exist have not been mentioned but their location code numbers have been indicated. Similarly, in the taluk maps, villages are indicated by their Location Code numbers. For the names of the villages, one would have to refer to the alphabetical list of villages of each of the taluks concerned. These alphabetical lists are incorporated in Parts A & B of this volume.

In the preparation of Part A of the District Census Handbook we have had the ready and full co-operation of all the Departments of the State Government. Our whole-hearted thanks are tendered to them gratefully. Part B is essentially demographic in nature and has been the end product of the tabulation of the enumeration results.

In the preparation of this volume we have had the benefit of the guidance and advice of Sri A Chandra Sekhar, I.A.S., Registrar General and Census Commissioner for India. We have also been considerably assisted by the willing co-operation of Sri K. D. Ballal, Deputy Registrar General, Dr. B. K. Roy Burman, Deputy Registrar General (Soclal Studies) and Sri K. K. Chakravorty, Central Tabulation Officer. We are deeply Indebted to them for all the assistance rendered.

The District Census Handbook (Parts A and B) presented in this volume is among the first few of the 1971 Census publications. Its early preparation has laid a heavy burden on all the officers and staff of this office. To each one of them I am deeply obliged. The Director of Printing and Stationery of the State Government has ensured printing in time and to him I offer our thanks. This is a State Government Publication and the interest evinced by the State Government has encouraged us, for which our thanks are tendered.

September, 1972

TOWN DIRECTORY

TOWN DIRECTORY

EXPLANATORY NOTES

The Town Directory consists of seven Statements the titles of which are as follows:—

Statement I Status, Growth History and Functional Category of Towns.

Statement II Physical Aspects and Location of Towns, 1969.

Statement III Municipal Finance, 1968–69.

Statement IV Civic and Other Amenities, 1969–70.

Statement V Medical, Educational, Recreational and Cultural Facilities in Towns, 1969–70.

Statement VI Trade, Commerce, Industry and Banking, 1969–70.

Statement VII Population by Religion and Scheduled Castes and Scheduled Tribes, 1971.

Statements I and VII have been compiled in this office, and Statements II to VI by obtaining the data from the Local Bodies having administrative control over the towns. The scope of the data and the meaning of the abbreviations used in each Statement are explained herein.

The concept of urban agglomeration has been adopted for presenting certain basic results of the 1971 Census. Smaller towns that are contiguous to a city or a major town and come within its urban influence are grouped together to constitute such agglomerations. In Mysore, five such agglomerations (*viz.*, those named after *Bangalore, Mangalore, Belgaum, Bhadravathi and Kolar Gold Fields*) have been recognised. In the Town Directory statements also, information relating to the Agglomeration and its constituent units has been presented at one place in bold print so that the serial order in which the Towns in a District are arranged does not get interrupted. Thus the names of the units which constitute the Agglomeration appear twice in each statement even though the particulars are provided at one place only.

STATEMENT I : *Status, Growth History and Functional Category of Towns*

COLUMN 3: LOCATION CODE NO.—Location Code assigned to the town in the 1971 Census consists of two elements an arabic numeral and one roman numeral separated by an oblique. The arabic numeral indicates the order of the District within the State when arranged in alphabetical order. Similarly the roman numeral indicates the order of the town within the District when arranged alphabetically.

COLUMN 4: NAME OF TALUK.—Name of the taluk in which the particular town is situated is given here.

COLUMN 5: CIVIC ADMINISTRATION STATUS 1970.—The following abbreviations are used to indicate the civic administration status:

(1) Municipal Corporation ..	C
(2) Municipality ..	M
(3) Town Committee/Town Area Committee/Council ..	TC
(4) Cantonment Board ..	CB
(5) Town Panchayat ..	TP
(6) Village Panchayat Committee ..	P
(7) Sanitary Board ..	SB
(8) Notified Area Committee/Council ..	NAC
(9) Others such as Town Board, Industrial Township, Project Areas not administered by any Civic Authority	Indicated in full

COLUMNS 5 TO 13: POPULATION OF THE TOWN AT THE CENSUSES OF 1901 TO 1971.—Population figures for the towns since 1901 indicate their growth from Census to Census. Such figures have not, however, been furnished for the previous Censuses in respect of towns treated as towns for the first time in 1971 Census since they were rural areas formerly. The 1971 Census population figures are furnished in Column 13.

COLUMNS 14 AND 15: FUNCTIONAL CATEGORY 1961 CENSUS AND 1971 CENSUS.—In 1961 Census the workers were classified into nine industrial categories according to their activity, as follows:

I. Cultivator;
II. Agricultural labourer;
III. Mining, quarrying, livestock, forestry, fishing, hunting, plantations, orchards and allied activities;
IV. Household industry;
V. Manufacture—other than household industry;
VI. Construction;
VII. Trade and commerce;
VIII. Transport, storage and communications; and
IX. Other services.

The 1971 Census classification of workers remains basically the same but for the following deviations:

(i) Category III of the 1961 classification has been split into two by recognising 'mining and quarrying' as an independent category and it now bears Category Number IV.

(ii) As a consequence of (i) above, the IV Category of 1961 has been grouped with Category V and particulars of workers engaged in 'manufacturing, processing servicing and repairs activities' have been presented under two sub-headings, *viz.*,

V (*a*) Household Industry, and
(*b*) Other than Household Industry.

In order to determine the functional category of towns, these nine industrial categories are combined and re-grouped to yield five broad classifications by economic activity as under:—

Economic activity	*Industrial category number as per*	
	1961 *Census*	1971 *Census*
(1) Primary activities	I, II & III	I, II, III & IV
(2) Industry	IV, V & VI	V (*a*), V (*b*) & VI
(3) Trade and Commerce	VII	VII
(4) Transport	VIII	VIII
(5) Services	IX	IX

Then, for each town the percentage of workers under each of these five classes of economic activities to the total number of workers is calculated. If the percentage under any of these five activities equals or exceeds 40, such a town is regarded as *monofunctional* and that activity is specified in column 14 or 15. If the percentages are less than 40 in each and if the figures against any two add up to 60 or more, then such a town is regarded as *bifunctional* and the two predominant activities are specified under Column 14 or 15. In case, the percentages of any two of the activities do not add up to 60 per cent such a town is regarded as *multifunctional* and in such a case, three of the predominant activities are specified under column 14 or 15.

STATEMENT II: *Physical Aspects and Location of Towns, 1969*

COLUMN 3: ALTITUDE.—Altitude is given in metres above Mean Sea Level. The asterisk mark indicates that the data have been furnished by the Director-General of Observatories. In all other cases, information as furnished by the Director, Southern Circle, Survey of India, has been adopted.

COLUMN 4: ANNUAL RAINFALL (in millimetres).—An asterisk mark, placed at the top of the data, indicates that the data have been furnished by the Director-General of Observatories and also that it is 30 years (1931–60) standard normal. In other cases, the figure represents the average rainfall over the period 1960–69 (yearwise data obtained from the Bureau of Economics and Statistics, Mysore).

COLUMNS 5 AND 6: MAXIMUM AND MINIMUM TEMPERATURE (in Degree Centigrade).—The asterisk mark indicates that the data have been furnished by the Director-General of Observatories and also that it is 30 years standard normal (1931–1960).

Since specific information is not available for most of the towns, corresponding data, available for the nearest town situated at approximately the same altitude, have been adopted. Such entries are distinguished by the notation 'N' (nearest).

NOTE: In Columns 3 to 6 when data in respect of the particular town are not available, corresponding data for the nearest town are given, and in such cases the symbol 'N' (nearest) has been used.

COLUMNS 7 TO 14: NAME OF, AND ROAD DISTANCE TO, IMPORTANT CENTRES.—Column headings are self-explanatory. Distances are given in kilometres. If the referent town itself happens to be the headquarters of district, or sub-division, taluk, etc., then the distance is noted as O in the relevant column. In column 12 when one or more bus routes pass through the town, the name of the town is repeated and distance is indicated as O. In Column 13, the abbreviations R and C stand for River and Canal respectively.

STATEMENT III: *Municipal Finance, 1968–69*

Actual receipt and expenditure of the civic administrative body are furnished.

In the case of industrial townships and the like where civic amenities are the responsibility of the factory authorities themselves, the relevant particulars have been obtained from these authorities. Generally, as no taxes are levied by the factory authorities, receipts are mainly by way of house rent (if provided by the authority) and, water and electricity charges recovered from the occupants of the residential quarters. Under expenditure, the amount spent on social overheads are shown.

City Improvement Trust Boards have been functioning only in the cities of Bangalore and Mysore. In Mandya during 1968–69, the Sugar Factory was responsible for providing amenities to the residents in Mandya Sugar Town, now included within the municipal limits of Mandya. In these cases, the receipt and expenditure are furnished separately for the two agencies.

STATEMENT IV: *Civic and Other Amenities, 1969–70*

COLUMN 3: ROAD LENGTH.—Total length of all types of roads (*i.e.*, Cement, asphalt, metalled, mud, etc.) including the length of National and State Highways lying within the town limits is given in kilometres. Wherever information is available separately for *pucca* roads and *katcha* roads this has been noted in this column.

COLUMN 4: SYSTEM OF SEWERAGE/DRAINAGE.—The codes used for this column are:

(i) Sewers (either combined or separate)	.. S
(ii) Open Surface Drains	.. OSD
(iii) Box Drains	.. BSD
(iv) Sylk pattern Drains	.. SD

Even when only a portion of the town is served by any particular type of sewerage or drainage, the relevant code or codes have been entered under this column.

COLUMN 5: WATER-BORNE LATRINES:—Total number of flush-out latrines in the town (both private and public) has been indicated in this column. It is only in a few towns that such latrines are connected to sewers.

COLUMN 6: SERVICE LATRINES.—Total number of service (also called daily cleaned or DC for short) latrines, both private and public, in the town is entered under this column.

COLUMN 7: OTHER TYPES OF LATRINES.—Total number of other types of latrines, if any, in the town is furnished here.

COLUMN 8: METHOD OF DISPOSAL OF NIGHT-SOIL.—The manner in which the night-soil is collected and transported to the trenching grounds is indicated under this column using the following abbreviations:—

(1) Headloads	.. HL
(2) Baskets	.. B
(3) Wheel Barrows	.. WB
(4) Hand Carts	.. HC
(5) Others such as bullock carts, trucks, night-soil tankers, tempos, etc.	Specified without using abbreviations

For flush-out latrines which are connected to sewers 'S' is the abbreviation used. If such latrines are connected to septic tanks 'ST' is used.

COLUMNS 9 AND 10: PROTECTED WATER SUPPLY: SOURCE AND CAPACITY.—In column 9 source of protected water supply is indicated using the following codes:

(1) River	.. R
(2) Tank/Lake	.. TK
(3) Tube Well	.. TW
(4) Bore Well	.. BW
(5) Canal	.. C
(6) Reservoir	.. RES
(7) Open Wells	.. W

In column 9, in respect of towns not having protected water supply a dash is used.

The quantity of water supply led out from the Storage Tank to the consumers per day is given in litres in column 10. By "Protected water supply" is meant supply of water through taps irrespective of whether the water so supplied has been filtered and chlorinated or not.

COLUMN 11: FIRE-FIGHTING SERVICE.—Whether fire-fighting services exist or not within the limits of the town has been indicated by 'Yes' or 'No' as appropriate.

COLUMNS 12 TO 16: ELECTRIFICATION.—Under these columns, data regarding number of electrical connections (installations) are furnished. Information relates to the period 1969–70 generally. The data obtained from the Municipal authorities were got cross-checked with those obtained from the Mysore State Electricity Board.

Definitions of the column headings are as follows:—

(i) *Domestic.*—Connections to residential buildings, schools, temples, non-commercial hostel buildings and hospitals for lighting, heating and cooking are classified as domestic connections. All-electic-homes are also included under this category.

(ii) *Commercial.*—Connections to commercial establishments such as wholesale and retail shops, hotels, restaurants, tea stalls, cinema theatres, offices, private nursing homes, shops run by medical practitioners, commercial hostels and such other premises which

are used either partly or wholly for commercial purposes are classified as commercial connections.

(iii) *Industrial.*—Such connections (either high tension or low tension) include supply of power to industrial establishments where processes of manufacturing, servicing or repairs are carried on with the use of power. Apart from factories, smaller establishments such as flour mills, hullers, coffee grinders, etc., also come within the purview of this category.

(iv) *Road Lighting.*—The actual number of street lights in the town has been furnished.

(v) *Others.*—Connections to pumpsets, water-works, temporary connections, etc., are furnished under this column wherever information was readily available. Data under this column are not uniform and hence cannot be compared.

STATEMENT V: *Medical, Educational, Recreational and Cultural Facilities in Towns, 1969–70*

COLUMN 3: HOSPITALS, DISPENSARIES, T.B. CLINICS, HEALTH CENTRES, NURSING HOMES.—Particulars regarding the different types of medical institutions functioning in the town are indicated by the following codes:

(i) Hospital (equipped with facilities for the treatment of in-patients)	H
(ii) Dispensary	D
(iii) Health Centre (under this category the Government of India Pattern Primary Health Centres are also included)	HC
(iv) T.B. Clinic (if being run as an independent unit)	TBC
(v) Family Planning Centres	FC
(vi) Leprosy Centre or Clinic	LC
(vii) Others, such as private nursing homes and clinics run by registered medical practitioners	O

Wherever Family Planning Centres (FC) and Maternity Wards (MW) are attached to Hospitals or Primary Health Centres, this has been indicated within brackets using the codes FC or MW as the case may be. Under (i) to (vi) above, only the institutions run by Government, local bodies or religious and social institutions have been included. Full data on such facilities offered by private agencies are not readily available.

COLUMN 4: BEDS.—Number of beds provided for in-patients in the medical institutions mentioned under Column 3 is noted here.

COLUMN 5: COLLEGES: ARTS, SCIENCE, COMMERCE, ETC.—The number of colleges in the town providing general education in different faculties has been indicated under this column using the following abbreviations:

(i) Arts only	A
(ii) Science only	S
(iii) Commerce only	C
(iv) Arts and Science	AS
(v) Arts and Commerce	AC
(vi) Science and Commerce	SC
(vii) Arts, Science and Commerce	ASC
(viii) Law	L
(ix) College of Education	Ed.
(x) Agricultural	Ag.
(xi) Home Science	HS
(xii) College for Oriental Degrees (Sanskrit, etc.)	OS
(xiii) Teachers Certificate Course	TCH

Since no special provision has been made for certain professional subjects such as law, education, etc., in the format, these have been included under Column 5.

COLUMN 6: MEDICAL COLLEGES.—Colleges providing education in Allopathic, Ayurvedic, Unani and Homeopathic systems of medicine have been indicated separately using the abbreviations 'Al' for Allopathic, 'Ay' for Ayurvedic, 'Un' for Unani and 'Ho' for Homeopathy. For Dental College the abbreviation 'D' has been used.

COLUMNS 7 AND 8: ENGINEERING COLLEGES AND POLYTECHNICS.—These are self-explanatory.

COLUMN 9: RECOGNISED SHORTHAND, TYPEWRITING AND OTHER VOCATIONAL TRAINING INSTITUTES:—Abbreviations used in this column are as follows:

(i) Shorthand Institute	Sh.
(ii) Typewriting Institute	Type
(iii) Both Shorthand and Typewriting	Sh. Type
(iv) Artisan Training Centre/Institute	ATI
(v) Occupational Training Institute	OTI
(vi) Industrial Training Institute	ITI
(vii) Tailoring Training Centre	TT
(viii) Gramodyog Training Centre	GT
(ix) Technical Training Centre	TTC
(x) Others; specified in the Statement separately.	

COLUMNS 10 TO 12: HIGHER SECONDARY OR SECONDARY, JUNIOR SECONDARY OR MIDDLE AND PRIMARY SCHOOLS.—Schools providing Primary and Secondary education have been classified according to the system of categorisation adopted by the Director of Public Instructions in Mysore, Bangalore.

(i) High Schools and Higher Secondary Schools are those where education is provided from Standard VIII and upwards upto Standard X or XI. These include composite schools which provide education from Standard I or Standard V upto Standard X or XI. Such composite schools have been treated as single units and their number indicated under column 10.

(ii) Junior Secondary or Middle Schools are those which provide education from Standards I to VII or V to VII.

(iii) Primary Schools are those where education is provided upto Standard IV.

(Under columns 10 to 12, Urdu, Tamil and Marathi medium schools, if any, in the town are also included.)

COLUMN 13: OTHER EDUCATIONAL FACILITIES.—Others include nursery schools and Sanskrit and Arabic Schools which provide religious education, etc., and which are not classified as schools or colleges.

COLUMN 14: STADIA.—The number of stadia, if any, built according to modern standards has been shown under this column. Ordinary playgrounds attached to educational institutions, voluntary organisations, etc., and also 'parks' do not come within the purview of this column.

COLUMN 15: CINEMAS.—Touring Talkies of temporary nature are excluded and only the number of permanent cinema theatres is given under this column.

COLUMN 16: AUDITORIA/DRAMA HALLS.—Number of auditoria and drama halls in the town is furnished.

COLUMN 17: PUBLIC LIBRARIES INCLUDING READING ROOMS.—Information about public libraries and reading rooms has been furnished clubbing the two, except in a few cases where data are separately available. 'PL' and 'RR' are the abbreviations used to denote Public Library and Reading Room respectively.

STATEMENT VI: *Trade, Commerce, Industry and Banking, 1969–70*

COLUMNS 3 TO 5: IMPORTS.—Names of three most important commodities imported into the town either for local consumption or for export in the same or modified form, have been indicated here.

COLUMNS 6 TO 8: EXPORTS.—Names of three most important commodities exported, based on the estimated value or volume of transactions, have been indicated here.

COLUMNS 9 TO 11: MANUFACTURE.—Names of three important commodities manufactured in the town based on volume or value of commodities produced have been indicated. Wherever relevant, names of articles manufactured in the town and known for their uniqueness have been included even though the volume or value of such products may not be appreciable or important from the point of view of scale of operations.

COLUMN 12: NUMBER OF BANKS.—Banks include both commercial and co-operative banks and for computing the numbers, each branch has been treated as a unit.

COLUMN 13: NUMBER OF AGRICULTURAL CREDIT SOCIETIES.—Self-explanatory.

COLUMN 14: NUMBER OF NON-AGRICULTURAL CREDIT SOCIETIES.—Non-agricultural credit societies include Industrial Co-operatives, House Building Co-operatives, Consumers' Co-operatives, Employees' Co-operatives, Fisherman Co-operatives and the like which provide credit for non-agricultural purposes.

COLUMN 15: REMARKS.—Remarks, if any, are given in this column.

STATEMENT VII: *Population by Religion and Scheduled Castes/Scheduled Tribes, 1971*

This shows the distribution of population by religion and the numerical strength of Scheduled Castes and Scheduled Tribes.

VILLAGE DIRECTORY

VILLAGE DIRECTORY

EXPLANATORY NOTES

The Village Directory consists of eighteen columns and provides villagewise information about the amenities and land use pattern in the villages. In the case of *Becharak* (un-inhabited) villages, information is furnished only regarding land use (Cols. 3 and 11 to 15). Data presented in Columns 1 to 18 have been obtained mainly from the Tahsildars and Deputy Commissioners. Towards the end of 1969, blank forms (with Kannada version of column headings) and copies of instructions printed in Kannada (explaining the manner in which each column should be filled) were mailed to the Tahsildars who, in turn, distributed these forms to their Revenue Inspectors and collected the information.

The completed forms received back in this Directorate were scrutinised and omissions and mistakes observed were rectified, either by field visits to districts or through correspondence or both. The scope of each column heading and abbreviations used are given below:

COLUMN 1: LOCATION CODE.—With a view to ensuring that every village, inhabited or un-inhabited in the taluk is taken into account for purposes of Census Operations, location code numbers are assigned to each of the villages in a particular order. This number is noted under this column.

COLUMN 2: NAME OF THE VILLAGE.—In this column, the name of the *asli* (Main) village is given. An *asli* village may have some hamlets associated with it. The information in Columns 3 to 18, therefore, is for the *asli* village and for the hamlets, if any, together. However, the names of hamlets with a population of 500 and over are mentioned below the name of the *asli* village with details, in Columns 4 to 9, of amenities located in these hamlets.

In some cases, large parts of the original village are now included in municipal areas, leaving a small portion out of municipal jurisdiction. The latter is considered 'Rural' and classified as a village. To render the position clear the word Rural is mentioned in brackets against such places.

COLUMN 3: TOTAL AREA OF THE VILLAGE.—The total geographical area of the village has been furnished in acres.

COLUMNS 4 TO 9: Amenities available within the Village.

COLUMN 4: EDUCATIONAL.—Codes used to indicate the availability of educational facilities within the village are:

(i) For schools providing education from Standard I to IV. These are generally called Lower Primary Schools .. Pr. S.

(ii) For schools providing education either from Standard I to VII or from Standard V to VII .. Mid. S.

(iii) For schools providing education either from Standard I to X or V to X or VIII to X. (This includes Higher Secondary Schools, *i.e.*, XI Standard also) .. Sec. S.

(iv) All colleges including vocational colleges—C

NOTE: Where more than one such institution exists, the number is noted within brackets.

COLUMN 5: MEDICAL.—Medical facilities available within the village have been indicated by the following codes:

(i) Hospital equipped with beds for in-patients .. H

(ii) Dispensary .. D

(iii) Health Centre including Government of India Pattern Primary Health Centre .. HC

(iv) Health Unit of Old Mysore Type .. HU

(v) Family Planning Centre .. FC

(vi) Subsidised Medical Practitioner .. SMP

(vii) Maternity and Child Welfare Centre .. MCW

COLUMN 6: POWER SUPPLY.—'E' is noted in this column if electricity is supplied to the village either for industrial (or agricultural) purposes or lighting or both.

COLUMN 7: DRINKING WATER.—The codes used to indicate the sources of drinking water in the village are:

(i) Taps	.. T
(ii) Wells	.. W
(iii) Tanks	.. TK
(iv) Tube Wells	.. TW
(v) Rivers	.. R
(vi) Canals	.. C
(vii) Fountains	.. F
(viii) Hand Pumps	.. HP
(ix) Other sources such as ponds, streams, etc.	O

COLUMN 8: COMMUNICATIONS.—The following codes are used:

(i) *Pucca* Road, *i.e.*, the road surface may be cement, asphalt, metal or water bound macadum	.. PR
(ii) *Katcha* Road, *i.e.*, roads with natural soil, including cart-tracks	.. KR
(iii) Railway Station	.. T
(iv) Navigable River	.. R
(v) Navigable Canal	.. C

In case a village is served by *Pucca* Roads as also by *Katcha* Roads, the latter have not been taken into consideration for purposes of this column.

A village is assumed to be served by any of these communication facilities if such facilities are available within one mile of the village.

COLUMN 9: POSTAL AND TELEGRAPH.—Posta and Telegraph facilities available within the limits of the village have been indicated by the following codes:

(i) Post Office: This may be a branch or sub-office or may even be the office of the extra departmental delivery agency	PO
(ii) Telegraph Office	.. TO
(iii) Post and Telegraph facilities	.. PTO
(iv) Telephone connection (apart from public call office, if any, the connections given to private parties have also been considered)	... Phone

COLUMN 10: STAPLE FOOD.—Staple food (*i.e.*, staple cereals) of the major portion of the population of the village has been indicated here.

COLUMNS 11 TO 15: Land Use.—This information is based on annual village records for 1968-69 generally.

COLUMN 11: FOREST.—All lands actually classified as forest or administered as forests under any legal enactment dealing with forests, whether State-owned or, Private, have been shown under this column. Wherever forest lands have been assigned for cultivation, the corresponding areas have been excluded from forest area and included under cultivated land.

COLUMN 12: IRRIGATED.—The net area irrigated from both private and public sources of water supply is indicated using the following abbreviations:

(i) Canal	.. C
(ii) Well (with or without electricity)	.. W
(iii) Tube well (with or without electricity)	.. TW
(iv) Tank	.. TK
(v) River	.. R
(vi) Water fall	.. WF
(vii) Others	.. O

Under this column, all lands classified as wet and garden lands by the Survey and Settlement Department are included. In South Kanara District, however, the extent of wet lands (which are classified into Class I, Class II and Class III) only are shown under Column 12 and the garden lands are shown under Column 13 along with "other dry". All the three classes of wet lands in South Kanara District yield one crop of paddy; Class II land yields an additional crop and Class I yields two additional crops both of which are generally paddy. For all the three classes of wet land, rain is generally the source of water supply.

In Coorg District the rainfed wet lands have been included under Column 13 along with the area under plantation crops, such as, coffee, cardamom, orange, etc. So also in the Districts of Shimoga, Chikmagalur and North Kanara rainfed wet lands yielding paddy are shown under Column 13.

COLUMN 13: UNIRRIGATED.—The extent of unirrigated but cultivated lands including current fallows, if any, has been furnished under this column.

This column also includes data on the special categories referred to in the note on Column 12 above.

COLUMN 14: CULTIVABLE WASTE.—The area noted under this column includes lands fit for cultivation but not cultivated for more than five years in

succession. Such lands, which are not put to any use, may be either fallow or covered with shrubs and jungle. They may be assessed or unassessed and may lie in isolated blocks or within cultivated holdings. Lands under thatching grasses, bamboo bushes and other groves for fuel, etc., which are not already included under orchards or forests, have also been included here. All grazing lands whether they are permanent pastures or not, are also included under this column.

A little clarification would be necessary regarding lands considered 'cultivable waste'. In certain Districts of the State *Gomala* or *Gairana* (pastures) are set apart in each village for purposes of grazing the village cattle and generally these are considered as 'not available for cultivation'. However, when applications for assignment of lands are received, the revenue authorities work out whether any lands out of the existing pastures can be considered as in excess of requirement in relation to the number of livestock and whether such lands can be granted for cultivation. Thus the availability or otherwise of any portion of village pastures varies from year to year.

Further, the area noted under this column may not always be available for cultivation as quite often such areas are found to be either already under occupation, authorised or un-authorised, and even authorised lands might not have been entered as being 'cultivated' in the village records in a few cases. Some portions of pastures may also be actually un-cultivable being hillocks and barren fields. The area furnished under this column is, therefore, only approximate.

COLUMN 15: AREA NOT AVAILABLE FOR CULTIVATION.—The area noted under this column includes the land not available for cultivation such as barren and uncultivable lands and also lands put to non-agricultural uses. Land put to non-agricultural use includes all lands occupied by buildings, roads and railways, area under water, *e.g.*, rivers, canals and tanks and land put to uses other than agricultural.

Barren and un-cultivable land covers hills, mountains, etc., and lands which cannot be brought under cultivation unless at a high cost.

COLUMN 16: NEAREST TOWN AND DISTANCE.—Name of the nearest census town, irrespective of whether it is located in the same district or not has been noted.

COLUMN 17: MARKETS HELD IN THE VILLAGE.—The days on which weekly markets are held are indicated here.

COLUMN 18: REMARKS.—Particulars of religious, historical or archaeological importance besides interesting information, if any, regarding a village as available from published material has been briefly given in Appendix No. III. The reference to this Appendix has been indicated by numbers in such cases in this column.

General: (i) For each Taluk, Appendix I furnishes the villages arranged in an alphabetical order to facilitate cross reference.

(ii) Appendix II gives Talukwise abstract of educational, medical and other amenities in respect of only the rural areas.

(iii) In a few cases, villages have been classified as Census Towns because they happen to satisfy the livelihood test or other characteristics which were applied for determination of urban areas. In such cases, for information the land use statistics are furnished in a separate Appendix for the District as a whole.

APPENDIX III

Brief Note on Places of Religious, Historical or Archaeological Importance

AURAD TALUK

1. AURAD : This village is an important centre of cattle trade. Sri Ammeshwar *Jatra* (Fair) is held here for 5 days during the first week of March every year and this religious event attracts thousands of devotees.

BASAVAKALYAN TALUK

1. CHANDAKAPUR : The village has a temple of Shiva and a pond known as *Amrut* (Nectar) *Khund*. An annual fair lasting for 5 days is held here during December in honour of Shiva.

2. KINNI : A three-day fair is held in honour of Sharan Basaveshvar saint in this village during February every year.

3. KOHINOOR : The village has the Darga (tomb-shrine) of Zindasha Madar Sha which is held in high reverence by Muslims of the neighbourhood. *Urus* is held here for 5 days during June every year and the event attracts a large number of Muslim devotees.

4. HULSOOR : The Veerabhadreshwara temple here is an important religious centre. A three-day long fair and festival are held in honour of Veerabhadra every year during the month of April.

5. GORTA (B) : An annual fair is held here in honour of Goddess Lakshmi in the month of April and the event attracts a large gathering of devotees from the neighbourhood.

BHALKI TALUK

1. KHANAPUR : The Khandoba temple here is a place of religious importance. An annual fair lasting for 15 days is held in honour of Khandoba during December and this event attracts thousands of devotees.

2. NAWADGI : An Annual fair is held in honour of Revana Siddayya during *Shravana* (August-September) in the village. It lasts for 2 days and is attended by thousands of devotees.

3. CHALKAPUR : The village has a temple dedicated to Hanuman and the Hanumajayanthi in the month of November is held here on a grand scale.

4. TUGAON (CHALKAPUR) : The river Naranja flows close to this village. During the month of *Phalguna* (February-March), every year, devotees assemble on the bank of the river and offer worship to *Linga* the emblem of Lord Shiva.

5. TUGAON (HALSI) : The village has a Lakshmi *Mandir*. An annual fair lasting for three days is held in honour of Lakshmi during December when thousands of devotees assemble.

6. ALWAI : The village has a Laxmi Mandir. During the month of January every year a five-day festival is held in honour of Goddess Lakshmi.

BIDAR TALUK

1. SHAMARAJAPUR : The village has a temple dedicated to Anantheswar, besides a Shiva Mandir.

2. ALIYABAD : The village has the Papanash *Mandir* where special *pujas* are performed on Mondays during the month of *Phalguna* (February-March) and *Shravana* (August-September).

3. ASHTOOR : Near this village are found a number of tombs of Bahmani Kings. There is also the *Darga* (tomb-shrine) of Ahmad Sha Vali Bahmavi where an annual *urus* is held during the month of November.

HUMNABAD TALUK

1. HUDGI : The village has temples of Yenkamma and Karibasiah. During the month of May every year or 2-day fair is held in the village.

2. MANIK NAGAR : The village has a shrine dedicated to Manikprabhu. Every December a fair is held in honour of Manikprabhu. This event lasts 6 days and attracts thousands of devotees.

3. NANDAGAON : Annual *urus* is held at the tomb-shrine of Hassan Peer of this village.

4. JALSANGI : The village has a temple dedicated to Mahadev.

5. GHODWADI : The village has a *darga* (tomb-shrine) of Syed Shah Hazrat Ismail Quadri.

6. HALLIKHED (B) : The village is well known for its temple dedicated to Naganatha.

7. MANGALGI : The village has a *darga* (tomb-shrine) of Syed Ameer Sab in whose honour *urus* is held every year.

8. CHANGLER : The village has a Veerabhadra temple where annual fair is held every December for 2 days.

PART-B

PRIMARY CENSUS ABSTRACT

INTRODUCTION
BIDAR DISTRICT

Bidar District, which is situated in the northernmost part of Mysore State, lies between 17° 30′ and 18° 5′ North latitude and between 76° 45′ and 77° 30′ East longitude. To its north lies, Nanded and on its west Osmanabad Districts of Maharashtra State; on the east lie Nizamabad and Medak Districts of Andhra Pradesh; and on the south Gulbarga District of Mysore State. The district, covering an area of 5,451 sq. kms., has a population of 824,059 according to the 1971 Census. The density of population works out to 151 per sq. km.

The district now consists of the five taluks of Aurad, Basava Kalyan, Bhalki, Bidar and Humnabad. Bidar, Bhalki, Basava Kalyan, Chitaguppa and Humnabad are the five towns in the district. The district had four taluks in 1961 Census. Basava Kalyan taluk was newly formed by the State Government in 1965 by transferring 89 villages and Basava Kalyan town from Humnabad taluk and 25 villages from Bhalki Taluk with Basava Kalyan as the Taluk Headquarters. The town, Kalyani of 1961, has since been renamed as Basava Kalyan. The new taluk was formed by the State Government Order No. RD 18/COT/64 dated 10th November 1965.

In 1961 Census, the district consisted of five towns and 608 villages. In 1971 there are the same number of towns but 622 villages. There have been considerable changes in jurisdiction of the taluks as a consequence of the formation of Basava Kalyan taluk by transfer of villages from one taluk to another. These changes are described later.

At the 1961 Census, 608 villages were listed, while at the 1971 Census 622 villages have been listed. The increase of 14 villages are explained below:

(1) In Bidar Taluk, 11 places not treated as villages in 1961, have been included in the 1971 village list. These are:—

(i) Fathepur	(L.C. No. 4)
(ii) Seri Hussaini	(,, ,, 25)
(iii) Dattankeri	(,, ,, 33)
(iv) Bage-Hamman	(,, ,, 38)
(v) Guller Haweli	(,, ,, 39)
(vi) Jangalkoi	(,, ,, 41)
(vii) Seri Champa	(,, ,, 42)
(viii) Mohillate-E-Gairabi	(,, ,, 43)
(ix) Haladkeri (Jagir)	(,, ,, 58)
(x) Baghe-E-Ibrahim	(,, ,, 59)
(xi) Yarnalli (Pahilwan)	(,, ,, 65)

In 1961, Lalbagh Honnekeri (L.C. No. 77 of 1961) was listed as a separate village. It has now been treated as a hamlet of Honnakeri village (L.C. No. 96). This results in an addition of 10 villages in this taluk.

Incidentally, Rekulgi village (L.C. No. 145) was reported in 1961 as Zahirabad. This has been corrected.

(2) In Humnabad Taluk, Bhaskernagar, which was not listed as a separate village in 1961, has been now included in the list of villages. Also, that part of Humnabad outside the municipal limits of Humnabad Town has been listed as a village called Humnabad (Rural). Similarly, in the case of Chitaguppa, that part of Chitaguppa outside the town limits has been listed as a village called Chitaguppa (Rural). This results in the addition of three villages.

(3) In Basavakalyan Taluk, that part of Basava Kalyan outside the municipal limits has been included in the list of villages and called Basava Kalyan (Rural).

The changes indicated above result in an increase of 14 villages.

There have been major changes in the taluks in this district. In 1961, there were four taluks but in 1965, a new taluk called Basava Kalyan Taluk was formed under the Orders of the State Government No. RD/18/COT/64 dated 10th November 1965.

The taluks now are Aurad, Basava Kalyan, Bhalki, Bidar and Humnabad. There have been many large-scale changes in the jurisdiction of the taluks except in the case of Aurad taluk. These changes are indicated here for information and are as follows:—

1. Aurad Taluk

No change.

2. Basava Kalyan Taluk

This taluk was formed by the transfer of 89 villages and Kalyani town (now called Basava Kalyan) from Humnabad Taluk and 25 villages from Bhalki Taluk.

3. Bhalki Taluk

(*a*) 25 villages were transferred to Basava Kalyan Taluk.

(*b*) 12 villages were transferred to Humnabad Taluk.

(*c*) One village, Aliabad, was included in this taluk by transfer from Bidar Taluk.

4. Bidar Taluk

(*a*) 22 villages were transferred to Humnabad Taluk.

(*b*) One village, Aliabad, was transferred to Bhalki Taluk.

5. Humnabad Taluk

(*a*) 89 villages and Basava Kalyan town were transferred to Basava Kalyan taluk.

(*b*) 22 villages from Bidar taluk were transferred to this taluk.

(*c*) 12 villages from Bhalki Taluk were transferred to this taluk.

The names of the villages involved in the transfers referred to above are listed below:—

EXPLANATORY NOTE

In Part B of the District Census Handbook of each district the "Primary Census Abstracts" are presented. These are the basic tables of demographic importance obtained on a full count of the individual slips. These tables are furnished villagewise for the rural sector and by Enumerator Block in respect of each Census Town in the urban sector.

The Primary Census Abstract, the P.C.A. as commonly referred to, for the District and its constituent Taluks arranged alphabetically, is presented first. The P.C.A. data for the urban units within each taluk are also included therein. In the tables the abbreviations T, R and U are used. T stands for total, R for rural and U for urban. After the District P.C.A. a map of each Taluk, village list and the Taluk P.C.A. follow.

The concept of Urban Agglomeration has been adopted for presentation of some of the basic results of the 1971 Census replacing the 'Town-Group' concept of the 1961 Census. Small towns around a city or a major town which are contiguous and are within its urban influence are grouped together with the city or the major town to constitute an Urban Agglomeration. In Mysore State, five such Urban Agglomerations named after the respective cities of Bangalore, Belgaum, Bhadravati, Kolar Gold Fields and Mangalore have been recognised. Separate statements of the P.C.A. data of these agglomerations are presented in the respective District Census Handbooks.

COLUMN 1. LOCATION CODE NUMBER: The Location Code Number is the number assigned to each village within a taluk and each Census town within a district in a particular order. The numbers assigned to taluks and villages are International numerals while those assigned to towns are Roman numerals. The Districts in the State were arranged alphabetically and numbered serially with International numerals.

Bidar District has the location code number 4. The taluks and towns of the District bear the following location code numbers:

Name of Taluk	Location Code No.	Name of Town	Location Code No.
1	2	3	4
AURAD	4/1	BASAVA KALYAN	4/1
BASAVA KALYAN	4/2		
BHALKI	4/3	BHALKI	4/II
BIDAR	4/4	BIDAR	4/III
HUMNABAD	4/5	CHITAGUPPA	4/IV
		HUMNABAD	4/V

COLUMN 2. NAME OE VILLAGE/TOWN/WARD/URBAN ENUMERATOR'S BLOCK: Names of villages and towns corresponding to the location code numbers, given in Column 1, are noted here.

The particulars presented against each village include the data relating to the *asli* (main) village and also its hamlets, if any. Large hamlets which returned a population of 500 or more have been separately mentioned in Appendix No. I in view of their sociological importance. But, for such hamlets, only the particulars of population by sex, as culled out from the Enumerator's Daily Posting Statements, are furnished. The population data of such hamlets should, therefore, be regarded as only approximate since it is not based on actual tabulation but only on the Enumerator's Daily Posting Statements.

The Census village corresponds generally to the Revenue village and its jurisdiction is defined as the area included within the geographical boundaries of the Revenue village bearing the same name. When a portion of the Revenue village stands incorporated in a municipality, the area so included is regarded as part of the town. In all such cases, the remaining land situated outside the municipal limits, if any, is considered as a separate Census village-unit for purposes of enumeration. For such residuary area the suffix 'Rural' has been noted against the name of the place which may also have been indicated as a Town under the same Taluk. The P.C.A. presented against such places relates to the area situated beyond the municipal limits of the concerned towns.

A Revenue village, the entire geographical area of which stands included within the limits of a municipality, ceases to be a Census village by virtue of its having been accounted for under the concerned town.

Reserve forest areas which do not form part of any Revenue village are also reckoned as Census villages and such geographical units are assigned location code numbers along with other villages of the concerned taluk.

Regarding urban areas, the name of the town, the names (numbers/alphabets) assigned to the constituent Municipal Wards/Divisions, if any, and the number assigned to each enumerator's block within it are given in this column. The jurisdiction of each block is indicated in a statement immediately after the tables of the urban-block P.C.A. of the Taluk.

The places administered by Municipal Corporations, Municipalities, Cantonment Boards, Notified Area Committees or Local Bodies such as Town Boards, Civil Lines, etc., are classified as urban areas or towns.

Besides, certain other places which satisfied the following criteria are also classified as Census Towns:

(*a*) Minimum population of 5,000 persons.

(*b*) Density of 1,000 persons per sq. mile (or 400 persons per sq. km.).

(*c*) At least 75 per cent of the male working population engaged in pursuits other than agriculture.

A few other places which did not satisfy fully these conditions but were regarded as having pronounced urban characteristics are also classified as towns.

COLUMN 3. AREA OF VILLAGE IN ACRES AND TOWN/WARD IN Km^2: The particulars of the total geographical area of the Village furnished by the Tahsildars of the concerned Taluks, and of the Towns and their constituent Municipal Divisions or Wards as furnished by the Local Bodies concerned are given in acres and sq. kms. respectively in this column. The area of the District as furnished by the Surveyor General, India, through the Central Statistical Organisation is shown against the District total, while the area of each Taluk as furnished by the Director of Survey, Settlement and Land Records in Mysore is shown against the Taluk total. No attempt has been made to reconcile the area figures obtained from these three different sources.

In some cases, the villages bear the same name as the adjacent town for example, Bellary (Rural). These indicate cases where only a part of the village area is included in the contiguous municipal area, leaving some portion within the rural area which, therefore, is included in the village list. It has not always been possible to determine the exact areas of the portions of such villages included within municipal limits. Therefore, no attempt at determining the exact area of that part of the village in the rural limits has been made. The area shown in this column against such cases includes the area merged within the limits of the contiguous town.

COLUMN 4. NUMBER OF OCCUPIED RESIDENTIAL HOUSES: A Census House is defined as "a building or part of a building having a separate main entrance from the road or common courtyard or staircase, etc., used or recognised as a separate unit". In this column the number of such houses which were in actual use for residential purposes either partly or wholly, at the time of the enumeration (*i.e.*, between 10-3-1971 and 31-3-1971) is given.

COLUMN 5. NUMBER OF HOUSEHOLDS: A Household is defined as "the entire group of persons who commonly live together and would take their meals from a common kitchen unless the exigencies of work prevent them from doing so". It may consist entirely of persons related to each other or may be made up of a few related and other unrelated persons or of totally unrelated persons. A household may also consist of a single individual. Those households which are made up of groups of unrelated persons such as in hostels, inmates of jails, boarding houses, hotels, chummeries, etc., are regarded as Institutional Households. Households that do not live in Census Houses are called Houseless Households. The total number of households including Institutional Households and Houseless Households, if any, in the village or the block is given here.

COLUMNS 6, 7 AND 8: TOTAL POPULATION (Including Institutional and Houseless population): The column headings are self-explanatory. The abbreviations 'P', 'M' and 'F', appearing in several subcolumns of the P.C.A. stand for the number of Persons, Males and Females respectively.

COLUMNS 9 AND 10. SCHEDULED CASTES: These two columns furnish the population of Scheduled Castes by sex. By Scheduled Castes are meant "all such castes, races or tribes or parts or groups within such castes, races or tribes as are deemed under Article 341 of the Constitution of India to be the Scheduled Castes for the purposes of the Constitution of India". Scheduled Castes are limited only to Hindus and Sikhs.

COLUMNS 11 AND 12. SCHEDULED TRIBES : These two columns furnish the population of Scheduled Tribes by sex. By Scheduled Tribes are meant "all such tribes or tribal communities or parts of a group within such tribes or tribal communities as are deemed under Article 342 of the Constitution of India to be Scheduled Tribes for the purposes of the Constitution of India". Persons belonging to the Scheduled Tribes may profess any religion.

The Scheduled Castes and Tribes notified in the State are indicated in Appendix No. II. The data on the individual Scheduled Castes and Scheduled Tribes are presented in Part C of the District Census Handbook.

COLUMNS 13 AND 14. LITERATE AND EDUCATED PERSONS: A person who can both read and write with understanding in any language is regarded as literate even though such a person may not have attained any educational standard or may not have received any formal education. By convention, all children of the age of 4 years or less are treated as illiterate even if

a child of this age-group is going to a school and may have picked up reading and writing.

If, in addition to being a literate, any person has attained any level of education such as primary, middle, high school stages, etc., such details were enumerated during the census count. The number of males and females shown under Columns 13 and 14 respectively includes not only those who were literate without having attained any level of education but also those who have attained various educational levels.

COLUMNS 15 TO 36. WORKERS: A *worker* is a person whose main activity is participation in any economically productive work by his physical or mental activity. Work involves not only actual work but also effective supervision and direction of work.

A person who is engaged primarily in household duties such as cooking for one's own household or performing one's own household duties or is primarily a student attending some institution but, either occasionally or regularly, helps (not as a full-time worker) in the economic activity pursued by the household only during his or her spare time is not regarded as a worker. The main activity of each individual, *i.e.*, how the person engages himself or herself mostly, was ascertained and all those engaged in any activity which is economically productive (*i.e.*, resulting in production of goods and services) were deemed to be workers.

The workers are further classified into nine industrial categories and the distribution of the total workers by sex is given under Columns 17 to 36.

For convenience of presentation, the detailed descriptive headings of the nine Industrial categories have not been printed in the P.C.A. tables but only the Industrial Category Number is given. The corresponding descriptions are as follows:

Category	Description	Column Nos.
I.	Cultivators	17–18
II.	Agricultural labourers	19–20
III.	Livestock, Forestry, Fishing, Hunting and Plantations, Orchards and allied activities	21–22
IV.	Mining and Quarrying	23–24
V.	Manufacturing Processing, Servicing and Repairs	
	(*a*) Household Industry	25–26
	(*b*) Other than Household Industry	27–28
VI.	Construction	29–30
VII.	Trade and Commerce	31–32
VIII.	Transport, Storage and Communications	33–34
IX.	Other services	35–36

CATEGORY I. CULTIVATORS: A person is a *cultivator* if he or she is engaged in cultivation by oneself or by supervision or direction in one's capacity as the owner or lessee of land held from Government or as a tenant of land held from private persons or institutions for payment of money, kind of share. Cultivation involves ploughing, sowing and harvesting and all other activities (such as digging of channels for water, weeding, etc.), in the production of cereals and millet crops, pulses, raw jute and kindred fibre crops, sugarcane, groundnut, tapioca, oil seeds, etc. Cultivation does not include fruit growing, vegetable growing or keeping orchards or groves or working of plantations like tea, coffee, rubber, cinchona and other medicinal plants.

CATEGORY II. AGRICULTURAL LABOURERS: A person who works in another person's land for wages in money, kind or share and does not have any right of lease or contract on the land on which he or she works is regarded as an *agricultural labourer.*

CATEGORY III. LIVESTOCK, FORESTRY, FISHING, HUNTING AND PLANTATIONS, ORCHARDS AND ALLIED ACTIVITIES: This category includes all workers engaged in livestock rearing, forestry, fishing, hunting and plantations, orchards and allied activities.

CATEGORY IV. MINING AND QUARRYING: All those who are engaged in mining and quarrying activities are included in this category.

CATEGORY V. MANUFACTURING, PROCESSING, SERVICING AND REPAIRS: Workers engaged in manufacturing, processing, servicing and repair activities are subdivided into those who are engaged in Household Industry and those who are not so engaged. Household Industry is defined as an industry conducted by the head of the household himself/herself and/or mainly by the members of the household at home or within the village in rural areas and where the household lives in urban areas, only within the premises of the household. Such an industry should relate to production, processing, servicing, repairing or making and selling (but not merely selling) of goods. Further, such an industry should not be run on the scale of a registered factory. A person may be a labourer or a petty employee in an industry which is a household industry run by some other household. The number of persons engaged in Household Industry are categorised as V (*a*).

The number of workers who are engaged in such activities but in establishments which do not qualify themselves to be classified as Household Industries as defined above are shown under Category V (*b*).

CATEGORY VI. CONSTRUCTION: Workers who are engaged in construction, maintenance, upkeep, repair and similar activities of buildings, roads, bridges, dams, canals and construction of electrical, water-supply and sanitary installations, etc., are brought under this category.

CATEGORY VII. TRADE AND COMMERCE: Workers in trade and commerce include all those engaged in wholesale or retail trade in goods; in dealing with insurance, stocks and shares, employed in banking and financial institutions, etc., either as proprietors or in any other capacity in such establishments.

CATEGORY VIII. TRANSPORT, STORAGE AND COMMUNICATIONS: Workers in transport, storage and Communications include those who work in establishments such as the railways, road transport, post and telegraphs and such other organisations or establishments which are engaged in the Transport, Storage and Communications sectors of the national economy.

CATEGORY IX. OTHER SERVICES: 'Other Services' constitutes the last category and includes employees of the Central and State Governments, local bodies and quasi-local bodies and other organisations or institutions engaged in educational, scientific, medical and health services. Religious and welfare services, legal services, business services, community services and trade and labour associations, recreation services, personal services and other miscellaneous activities not covered in any of the remaining 8 categories specified above, are included here.

COLUMNS 37 AND 38. NON-WORKERS: Non-workers are those whose main activity is economically non-productive and includes those engaged in household duties, full-time students, rent receivers, retired persons, infants and old persons, beggars, vagrants, inmates of penal, mental or charitable institutions, etc. It also includes those non-workers who were seeking work.

The Industrial Categories of 1961 and 1971 Censuses are generally similar except for the separate categorisation of 'Mining and Quarrying' and consequential renumbering of 'Household Industry'. In comparing the data of these two Censuses this change must be kept in view. For convenience, the categorisation of 1971 and 1961 are indicated below:

Industrial Categories of 1971 and 1961 Censuses

Category	1971	1961
Cultivators ..	I	I
Agricultural Labourers ..	II	II
Livestock, Forestry, Fishing, Hunting, Plantations, Orchards and allied activities ..	III	III
Mining and Quarrying ..	IV	
Manufacturing, Processing, Servicing and Repairs Household Industry ..	V (*a*)	IV
Other than Household Industry ..	V (*b*)	V
Construction ..	VI	VI
Trade & Commerce ..	VII	VII
Transport, Storage and Communications ..	VIII	VIII
Other Services ..	IX	IX
Non-workers ..	X	X

MAPS: A map of each of the talukas in the district has been included along with an alphabetical list of villages indicating the location of the villages in the map. The taluk maps are based on the maps brought out by the Director of Survey, Settlement & Land Records in this State. The map of the district in this volume and of the State are also, incidentally, based on the maps produced by this authority.

In the taluk maps, to the extent possible, the boundaries of the villages have been marked along with their location code numbers. However, in a few cases, the maps contain areas enclosed within the symbol for village boundaries but not having any location code number mark. Such areas are drawn on the basis of the original survey maps and represent *kavals* (pastures), reserve forests, etc. They also include places treated as main villages previously but now amalgamated with neighbouring villages under Government Orders. For the purposes of the Census, all such areas have been included in neighbouring villages for Census enumeration. Similarly, there are villages whose boundaries have not been clearly determined. In such cases, the location has been indicated and location code number has also been given but the boundaries have not been marked.

NOTE

1. @ The areas of the State and each of the Districts represent 'Geographical area' and have been supplied by the Surveyor General, India. The figures for urban areas are those supplied by the Local Bodies. Area, figures for Rural areas are derived by subtracting the Urban areas from the total area of the Districts as reported by the Surveyor General, India. The total of the Area figures of the Taluks will not tally with the District figures because the former represents 'Land-use' area and are derived from figures supplied by the Director of Survey, Settlement and Land Records in Mysore.

2 Towns treated as such for the first time in 1961 Census which continue as towns in 1971 Census are shown with asterisk (*) on their left.

3 Towns treated as such for the first time in 1971 are printed in italics.

4 The following abbreviations have been used for indicating the status of a town (given within brackets against names of the towns)

C.	Municipal Corporation
C.B.	Cantonment Board
M	Municipal Town
N.A.C.	Notified Area Committee
P	Panchayat
S.A.	Special Area
S.B.	Sanitary Board
T.B.	Town Board
T.P.	Town Panchayat

5 Under Column 3, following abbreviations are used:

T: Total R: Rural U: Urban

APPENDIX II

APPENDIX—II

SCHEDULED CASTES AND SCHEDULED TRIBES IN MYSORE STATE

Scheduled Castes

" Scheduled Castes " means such castes, races or tribes or parts or groups within such castes, races or tribes as are deemed under Article 341 (of the Constitution of India) to be the Scheduled Castes for the purposes of the Constitution of India.

According to the *Constitution* (*Scheduled Castes*) *Order* 1950 and the *Constitution* (*Scheduled Castes*) (*Part C States*) *Order* 1951 as modified by *The Scheduled Castes and Scheduled Tribes Lists* (*Modification*) *Order*, 1956 and all subsequent amending Notifications issued up-to-date, the castes indicated under each of the different regions specified hereunder, have been declared as Scheduled Castes in the respective regions of the Mysore State.

No person who professes a religion different from the Hindu or the Sikh shall be deemed to be a member of a Scheduled Castes.

Scheduled Tribes

" Scheduled Tribes " means such tribes or tribal communities or parts of or groups within such tribes or tribal communities as are deemed under Article 342 (of the Constitution of India) to be Scheduled Tribes for the purposes of the Constitution of India.

According to the *Constitution*, (*Scheduled Tribes*) *Order*, 1950, and the *Constitution* (*Scheduled Tribes*) (*Part C States*) *Order* 1951 as modified by *The Scheduled Castes and Scheduled Tribes Lists* (*Modification*) *Order*, 1956 and all subsequent amending Notifications issued up-to-date, the communities indicated under each of the different regions specified hereunder have been declared as Scheduled Tribes in the respective regions of the Mysore State.

Persons belonging to the Scheduled Tribes may profess any religion.

I. In the Districts of Bangalore, Kolar, Tumkur, Mandya, Hassan, Chikmagalur, Chitradurga, Shimoga, Bellary and Mysore (except Kollegal Taluk)—

Scheduled Castes

1. Adi Andhra
2. Adi Dravida
3. Adikarnataka
4. Banjara or Lambani
5. Bhovi
6. Dakkaliga
7. Ganti Chores
8. Handi Jogis
9. Kepmaris
10. Koracha
11. Korama
12. Machala
13. Mochi
14. Sillekyathas
15. Sudugadu Siddha

Scheduled Tribes

1. Gowdalu
2. Hakkipikki
3. Hasalaru
4. Iruliga
5. Jenu Kuruba
6. Kadu Kuruba
7. Malaikudi
8. Maleru
9. Soligaru

II. In the Districts of Belgaum, Bijapur, Dharwar and North Kanara:--

Scheduled Castes

1. Ager
2. Bakad or Bant
3. Bhambi, Bhambhi, Asadaru, Asodi, Chamadia, Chamar, Chambhar, Chamgar, Haralayya.

Scheduled Castes

Harali, Khalpa, Machigar, Mochigar, Madar, Madig, Mochi, Telugu Mochi, Kamati Mochi, Ranigar, Rohidas, Rohit, or Samgar.

4. Bhangi, Mehtar, Olgana, Rukhi, Malkana, Halalkhor, Lalbegi, Balmiki, Korar or Zadamalli.
5. Chalvadi or Channayya
6. Chenna Dasar or Holaya Dasar
7. Dhor, Kakkayya or Kankayya
8. Garoda or Garo
9. Haller
10. Halsar, Haslar, Hulasvar or Halasvar
11. Holar or Valhar
12. Holaya or Holer
13. Lingader
14. Mahar, Taral or Dhegu Megu
15. Mahyavanshi, Dhed, Vankar or Maru Vankar
16. Mang, Matang or Minimadig
17. Mang—Garudi
18. Meghval or Menghvar
19. Mukri
20. Nadia or Hadi
21. Pasi
22. Shenva, Chenva, Sedma or Ravat
23. Tirgar or Tirbanda
24. Turi
25. Kotegar or Metri (*In North Kanara District only*).

Scheduled Tribes

1. Barda
2. Bavacha or Bamcha
3. Bhil, including Bhil Grassia, Dholi Bhil, Dungri Bhil, Dungri Garasia, Mewasi Bhil, Rawal Bhil, Tadvi Bhil, Bhagalia, Bhilala, Pawra, Vasava and Vasve.
